

INDEX.

LIBRARY JOURNAL, V. 10. JAN.-DEC., 1885.

The superior figures tell the exact place on the page, the first figure which column, the second how far down in ninths. 129¹² means page 129, first column, one-ninth from top to bottom.

The colon after an initial of a given name means that it is the most common name beginning with that initial, e.g., A: means Augustus; B: Benjamin; C: Charles; D: David; E: Edward; F: Frederick; G: George; H: Henry; I: Isaac; J: John; K: Karl; L: Louis; M: Mark; N: Nicholas; O: Otto; P: Peter; R: Richard; S: Samuel; T: Thomas; W: William; C.: Charlotte; E.: Elizabeth; F.: Fanny; G.: Grace; H.: Helen; J.: Jane; K.: Katharine, Kate; L.: Louisa; M.: Mary; S.: Sarah.

By the use of few capitals, proper names and capitalized words are made more prominent.

By free use of abbreviations, mostly self-explanatory, more references are given in the same space. The apostrophe to mark omissions of letters in abbreviations is disregarded as unnecessary.
